Administrator's Decision for which a Waiver is Requested: 120 Day Form 486 Filing Deadline

Basis of Appeal: Due to changes in personnel at the school the filing deadline for the Form 486 was missed. The Form 486 was filed more than 120 days after the service start date.

As a precedent, on December 10, 2010, the FCC ruled in DA10-2352 that in a similar Request for Waiver that "applicants missed a USAC procedural deadline and did not violate a Commission rule" and similar appeals were thus upheld. The applicant believes the spirit of that ruling favors this Request for Waiver of the Form 486 Service Start Date.

Corrective Measure: The Salome School District #30 respectfully requests that the Form 486 Service Start Date be reset to July 1, 2012 for each of the listed FRNs and that the funding requested and approved be restored.

Thank you,
